Frequently Asked Questions

NOVA 2024 and NOVA Wireless Controller Compatibility

Date Raised: 24 January 2017

Safe practices should always be employed to ensure the Health and Safety of yourself, employees and customers (if applicable) Refer to product manuals, exploded drawings and our website if further assistance is required, or contact us on service@teknatool.com

Date Amended

Some models of the NOVA 2024 lathes are compatible with the current wireless remote (remote II).

The remote II **compatible** type is:

- “Rev02/ Rev03” 2024 + Model

The types which are **incompatible** with remote II are:

- “Classic” 2024 Model
- “Rev01” 2024+ Model

*These models are compatible with older version remotes (remote I). A retro fit kit is required in order to use remote II with the older versions of the DVR lathes.

For the information on how to identify which version of the 2024 lathe you have and how to install the remote, please refer to the FAQ of the NOVA DVR Wireless Remote.
